

# JURA E6 platinum black

## Technical overview

### JURA standards

Variable brewing unit	5 - 16 g
Intelligent Pre-Brew Aroma System	I.P.B.A.S.®
Pulse Extraction Process	P.E.P.®
Recognition for second, ground coffee	■
Hot water function	■
Energy Save Mode	E.S.M.®
Multi-level grinder	Aroma <sup>G3</sup>
Intelligent Water System with CLARIS Smart	I.W.S.®
High-performance pump	15 bar
Thermoblock heating system	■
Intelligent preheating	■
Integrated rinsing, cleaning and descaling	■
Integrated milk system rinsing and cleaning	■
Adjustable water hardness	■
Zero-Energy / Power Switch	■

### Specific benefits

Milk system	Fine Foam
Pulse Extraction Process	(P.E.P.®)
Intelligent water system CLARIS smart	(I.W.S.®)
TFT color display	■
Wireless ready	■
Compatible with the JURA Coffee Application	■
Monitored drip tray	■
Maintenance status display	■

### Settings and programming options

Programmable amount of water	■
Amount of water adjustable for each preparation	■
Programmable coffee strength	8 levels
Coffee strength adjustable for each preparation	■
Store, copy and personalize products	■
Programmable brewing temperature	2 levels
Programmable hot water temperature	3 levels
Programmable switch-off time	■

### In figures

Height-adjustable coffee spout	65 - 111 mm
Height-adjustable hot-water spout	67 - 113 mm
Water tank capacity	1.90 L
Bean container with aroma preservation cover	280 g
Coffee grounds container (servings)	approx. 16
Voltage	230 V AC 50/60 Hz
Power	1,450 W
Energy consumption with E.S.M.®	6 Wh
Stand-by power	0 W
Weight	9.8 kg
Dimensions (W x H x D)	28 x 35.1 x 43.9 cm
Color / Article Number	Platinum Black / 15079

### The benefits at a glance

- Pulse Extraction Process (P.E.P.®) optimise extraction time to guarantee professional quality, barista-style coffee
- The Intelligent Water System (I.W.S.®) automatically detects the filter while the CLARIS Smart ensures perfect water quality
- Simple operating concept, with controls on front of machine, with modern TFT display and a water tank filled from the front
- Total hygiene for the perfect milk foam thanks to maintenance at the touch of a button and the easily interchangeable milk spout

# JURA E6 Platinum Black

A world first P.E.P.<sup>®</sup>: Pulse extraction process produces the perfect espresso

## A world first: P.E.P.<sup>®</sup> for espressi of outstanding barista quality

The secret of exceptional coffee lies in the preparation. JURA has 100 % perfected the espresso brewing process, allowing the E6 to make speciality coffees to professional barista standard. The Pulse Extraction Process (P.E.P.<sup>®</sup>) developed by JURA optimizes the extraction time. To make a short espresso, it forces the hot water through the ground coffee at short intervals. This process allows the flavours of the coffee to fully develop. With eight different intensity levels, coffee lovers can customise their coffee just the way they like it.

## Intelligent Water System for automatic filter detection

CLARIS water filters supply perfect water quality for the best possible flavour. They also protect the coffee machine against lime scale and remove substances that could impair flavour and aroma (such as heavy metals or chlorine) from the water. To make maximum use of the filter and its capacity, JURA developed the Intelligent Water System (I.W.S.<sup>®</sup>). The filter cartridge and coffee machine are wirelessly linked by RFID technology. The filter is detected automatically. Using the filter has never been easier or more reliable.

## JURA is setting new standards in very simple operation

For those who like to make their favorite coffee quickly, the E6 is ideal. The buttons for the espresso, coffee, cappuccino and milk foam functions are all positioned on the front for maximum convenience. The E6 can even prepare two espressi or coffees at the same time. Thanks to the modern TFT color display, operating the machine is self-explanatory.

## Total hygiene

Maintaining the modern automatic coffee machine is just as simple as preparing tempting speciality coffees. The integrated rinsing and cleaning programmes can be started at the touch of a button to keep the machine impeccably hygienic. Now the dishwasher-safe milk spout can be replaced in a flash. Total hygiene and the perfect milk foam are guaranteed at all times.
